

7th Grade Art

Mr. Ursin Contact: I can be reached either at my school email jursin@hayward.k12.wi.us or you can call me at (612) 548-4311. Please only call during 12:00-1:00 on weekdays.

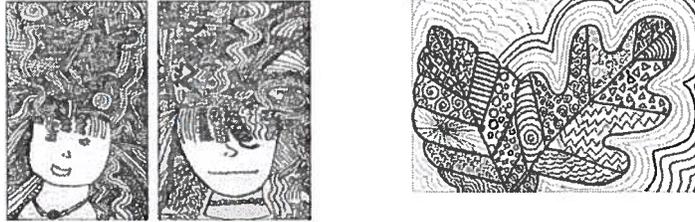

- On this sheet there will be 5 art activities.
 - Try to stick to one activity a week.
 - These activities can be completed with any material available. For example crayons, colored pencils, markers, regular pencil, paints. Regular paper, cardboard, brown paper bags etc. You can also use things like tea, coffee, or even food colorings to paint with. Be creative and experiment.
 - Example images for each activity will be on the back of this page.
 - You can take pictures of each project and either print them or email them into me.
- If this is not possible you can bring in the physical projects when the packets are due.

Art Activities

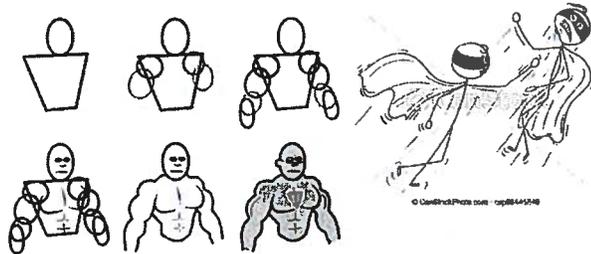

1. Zentangle Drawings- Create one or more drawings with simple imagery. Using different types of line (thick, thin, jagged, curved) fill the spaces with patterns.
2. Superhero Drawing- Create a superhero, do not copy an existing one. It could be similar to something like superman etc. but needs to be from your own imagination.
3. Andy Goldsworthy Sculptures- Using only objects/materials from nature, create a sculpture. Take a picture of it when completed.
4. Printmaking- Two ways you can do this. One is to take cardboard/foam (like the foam meat tray from the grocery store) and carve/cut into the surface. Apply paint and stamp it onto paper. The second way is to take found objects from around the house dip them in paint and stamp them onto paper to make designs.
5. Paper Mache Sculptures- Use tin foil or cardboard to create a base for your sculpture. Then create the mache mix. Use a ratio of 1:2 of flour to water so 1 cup of flour will need 2 cups of water. You can use it like it is or to thicken it put it in the microwave and heat it in :30sec intervals for up to a minute and twenty seconds. Let it cool down and then you can begin to dip strips of paper into it and apply it to your sculpture base.

Activity Examples on Back.....

1. Zentangle Drawings

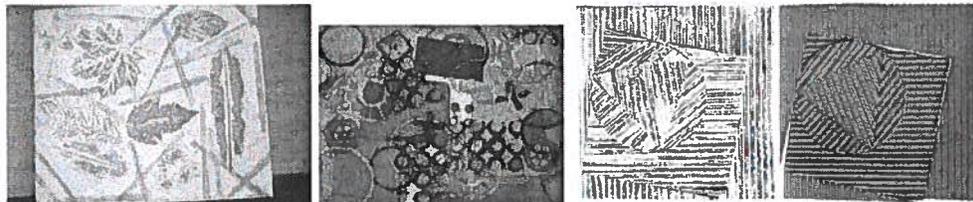

2. Superhero Drawings

3. Andy Goldsworthy Sculpture

4. Printmaking

5. Paper Mache Sculpture
